

**SUBJECT: Endowed Professorship Guidelines**

---

1 According to the philosophy statement that appears in the LSU Eunice catalog, "the University  
2 strives to provide educational programs and related services which reflect and respond to the  
3 diversified interests, aptitudes, talents, needs, and goals of its constituency." LSU Eunice  
4 seeks to meet these educational and cultural needs by attracting and maintaining an  
5 outstanding faculty that will provide a quality educational experience for all students.  
6

7 The endowed professorship program is a major effort by the university, the community, the LSU  
8 Board of Supervisors, and the Louisiana Board of Regents to demonstrate commitment to  
9 quality of instruction by recognizing and fostering faculty excellence in professional  
10 projects/research that goes beyond instructional responsibilities. Money has been donated by  
11 community sponsors, the United States District Court, and the Board of Regents for these  
12 awards.<sup>1</sup> The distribution of these awards will follow the guidelines set forth by the Board of  
13 Regents, the LSUE Foundation, and by the current policy statement.  
14

15 By September 30<sup>th</sup> of each year, the chair of the Selection Committee for Endowed  
16 Professorships will distribute a memorandum to the faculty regarding endowed professorships.  
17 This memorandum should include information explaining the professorships and identifying the  
18 awards to be granted, the amount of each award for that particular year, and the application  
19 process. The amount of each award will be based on interest generated by the funds, as well as  
20 fund performance.  
21

**Eligibility**

22  
23 To be eligible to apply for an endowed professorship, a faculty member must meet the following
