

# How to Use the Periodicals List

This list provides the most current information about the print and microfilm periodical holdings for the LeDoux Library. Electronic journals are available through the “Online Access” web link from the library’s start page.

It includes:

- **Current subscriptions**
- **Formats**
- **Online accessibility**
- **Call numbers**
- **Indexes covering the contents**
- **Holdings**

The most recent issues of most periodicals are displayed in the lobby area. Older issues and bound volumes are shelved in the book stacks according to their call numbers. Microfilm and microfiche editions are shelved in filing cabinets in the Reference Area.

If journals are titled by initials, the acronyms precede the other titles beginning with the same letter. For example:

**AARC**

**AORN**

**Academe**

**Acadian**

The abbreviations for the formats in which you may find the periodicals indicate:

**B = Bound volumes**

**F = Microfilm or Microfiche**

**P = Paper issues**

Periodicals do not leave the library, but articles may be photocopied for later use. Photocopies are 10¢ per page. The cost of printing is 10¢ per page or 3¢ per page when printed on the networked printer with your Swipe card.

Indexes in the LeDoux Library that refer to articles in the periodicals are indicated. All of the indexes may be searched online. The BEST place to find information about periodicals in the Library is the staff. Ask any one of them if you need assistance.

Limited access to older articles not found in contemporary online indexes and periodicals is still available via paper indexes located in the Reference Area.
