☐ I am not interested in any supportive services.

Sustaining Future Farms in Louisiana

The Ag program will begin with a program orientation at the start of your chosen session (Spring, Summer, or Fall), and a participant handbook will be sent out with more information on trainings and future meet-ups for the program. Bi-weekly meetings and quarterly meetings will be scheduled to assess how you are doing in the program, where you are in your training, and if you need any help moving forward.

If interested in enrolling into the Sustaining Future Farms in Louisiana program, please complete this application form. Enroll into the Intro to Agriculture (AGRI-1001) course for your chosen session, and more info on trainings will be send out shortly after.

Feel free to reach out to the Program Manager or Coordinator with any questions or concerns. **Please send the completed application to the Program Coordinator.**
